Dear Sir:

Further to the Amendment filed in response to the Office action dated May 22, 2002, issued in connection with the above-identified patent application, please enter the following supplemental amendments and remarks into the above-identified application.

In the Claims:

A marked-up version of the claims, showing insertions underlined and deletions in brackets, is included in Appendix A.

Please rewrite the claims as follows:

1. (Unamended) A razor, comprising:
  - a handle having a longitudinal axis;
  - a shaving head carrying at least one blade with at least one cutting edge and defining a transverse axis parallel to said at least one cutting edge;
  - a connector assembly movably coupling said handle to said shaving head; and
  - a biasing element spaced apart and separate from said connector assembly and disposed between said shaving head and said handle;
- wherein:
